Cont...

THE CLIMBING WALL :- Is nearly up and running and has just been inspected. A smaller one has just been commissioned for the other side of steps so nursery and reception children can benefit as well.

TOASTER - We have found a company that supply big toasters(like the all inclusive ones) where you feed bread though and it comes out the other side. We have rented one for the hot cross buns and if it a success might look into buying a reconditioned one. Price to be advised.

BUNTING - Sue has bought some off ebay for our summer fair and sports day so this will look fab.

DJ EQUIPMENT- We have now purchased some sound speakers as discussed at the meeting roughly about £200, but it will be money well spent.

LETTERS TO RESIDENTS - It was also discussed about a monthly newsletter to let residents know what events are happening at school. Sue to discuss with Melanie. Jo Noon handed out a letter she had typed up regarding the parking issues we have with residents. This will also have to be handed over to Melanie as really this isn't a pta matter.

CLC CUPS - The pta have agreed to fund the cups that the children make at the clc. Any cups that teachers or TA's make must be paid for themselves. A text will go out to parents on the day they bring them home telling them that the pta have funded this.

OUTDOOR EQUIPMENT FOR RECEPTION - This was also agreed to be funded £50.00 for outside play items.
