

SIX STEPS TO...

	<p>Have a go yourself.</p>
	<p>Are there any resources on your table or in your classroom that could help you?</p>
	<p>Look around the room. Can you see anything displayed that will help you?</p>
	<p>Check your workbook, activity sheets and knowledge organisers. Do these remind you of how to answer the question?</p>
	<p>Ask your partner. Can they explain the question to you?</p>
	<p>Put your hand up to ask an adult.</p>
