Actions:

- A working party including children and governors will look at behaviour at playtimes and lunchtimes and implement an action plan.
- We will re-write the bullying policy and involve pupils in this process; we will also re-launch the pupils' leaflet. We will also provide a guide to parents.
- We will investigate further to ensure children feel that they are not rushed and have time to complete activities.
- We will re-launch the school council to ensure that all children feel that their ideas are listened to.
