

WATER OF LIFE

Dear Parent/Carer

As you will already be aware, we have been selling water in school at 30p a bottle. This project is being run by the children and carries a clear message of the importance of drinking water to keep healthy and also the clear biblical message of the 'water of life'.

The project has been running for the past two weeks and the money raised so far is £100. All money raised will go towards our pupils *Spiritual, Moral, Social and Cultural* education. This will start in school and will purchase items that develop the children in this area of their education. I am currently working with the children deciding on what to buy for our new collective worship table.

As the project grows we are hoping to support the Church on a project and our ultimate aim is to raise enough funds to support a project abroad. This is a small enterprise project which has the huge vision and purpose to support many people in school, our community and the wider community.

We hope that as many pupils and staff as possible help to support this project and water is on sale each day as the children come into school and at playtimes.

We will provide regular updates on how the money is spent and thank you in advance for your support.

Yours Sincerely

Mrs R Fisher

Deputy Head Teacher
