

Date:

Learning objective:

Name:

To know how energy sources are distributed in an area.

## How does the United Kingdom generate energy?

What human and physical features can you see at these six-figure grid references?

384, 822 \_\_\_\_\_

258, 788 \_\_\_\_\_

286, 797 \_\_\_\_\_

297, 837 \_\_\_\_\_

276, 788 \_\_\_\_\_

290, 859 \_\_\_\_\_

216, 756 \_\_\_\_\_

What do these features tell us about the energy sources used in Port of Blyth?

---

---

What do you think the harbour might be used for?

---

---

What energy source might become more popular in Port of Blyth and why?

---

---

### Challenge

Can you identify any other features? List them below with their grid references.
