## KS1 National Curriculum Aims

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.  
 Pupils should be taught to:  
 master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and coordination, and begin to apply these in a range of activities;  
 perform dances using simple movement patterns.

## KS2 National Curriculum Aims

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.  
 Pupils should be taught to:  
 develop flexibility, strength, technique, control and balance [for example, through athletics, dance and gymnastics];  
 perform dances using a range of movement patterns;  
 compare their performances with previous ones and demonstrate improvement to achieve their personal best.

<b>Dance Skills</b>						
<p>Join a range of different movements together. Change the speed of their actions. Change the style of their movements. Create a short movement phrase which demonstrates their own ideas.</p>	<p>Copy and repeat actions. Put a sequence of actions together to create a motif. Vary the speed of their actions. Use simple choreographic devices such as unison, canon and mirroring. Begin to improvise independently to create a simple dance.</p>	<p>Copy, remember and repeat actions. Create a short motif inspired by a stimulus. Change the speed and level of their actions. Use simple choreographic devices such as unison, canon and mirroring. Use different transitions within a dance motif. Move in time to music. Improve the timing of their actions.</p>	<p>Begin to improvise with a partner to create a simple dance. Create motifs from different stimuli. Begin to compare and adapt movements and motifs to create a larger sequence. Use simple dance vocabulary to compare and improve work. Perform with some awareness of rhythm and expression.</p>	<p>Identify and repeat the movement patterns and actions of a chosen dance style. Compose a dance that reflects the chosen dance style. Confidently improvise with a partner or on their own. Compose longer dance sequences in a small group. Demonstrate precision and some control in response to stimuli. Begin to vary dynamics and develop actions and motifs in response to stimuli. Demonstrate rhythm and spatial awareness. Change parts of a dance as a result of self-evaluation. Use simple dance vocabulary when comparing and improving work.</p>	<p>Identify and repeat the movement patterns and actions of a chosen dance style. Compose individual, partner and group dances that reflect the chosen dance style. Show a change of pace and timing in their movements. Develop an awareness of their use of space. Demonstrate imagination and creativity in the movements they devise in response to stimuli. Use transitions to link motifs smoothly together. Improvise with confidence, still demonstrating fluency across the sequence. Ensure their actions fit the rhythm of the music. Modify parts of a sequence as a result of self and peer evaluation.
