

Carrot Club

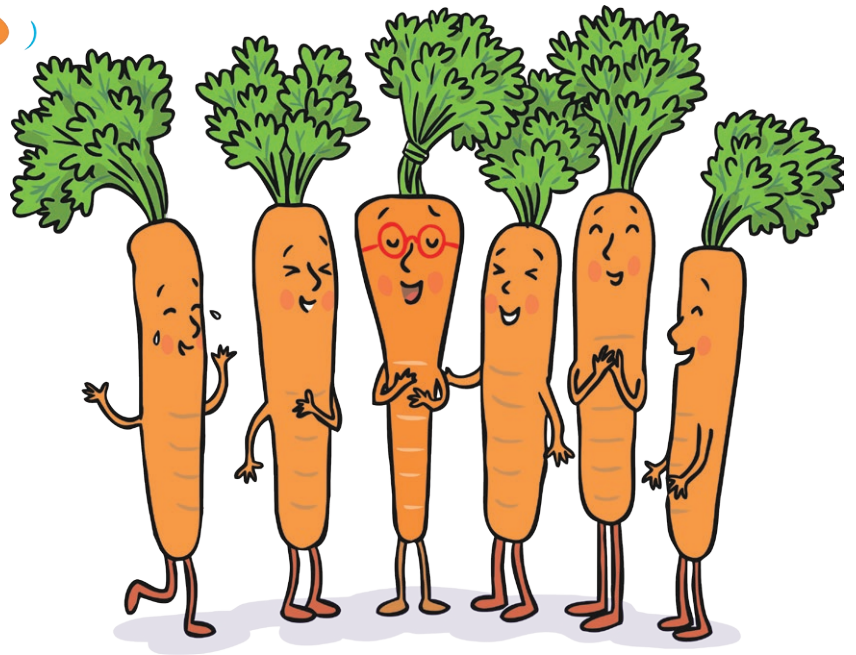

Home Learning Challenges

There are lots of different vegetable characters in the story, 'Carrot Club'. What is your favourite vegetable? Ask some of your family and friends about their favourite vegetables. Are their favourites the same as yours?

Polly Parsnip has 5 carrot friends. Can you count to 5? Try counting using your fingers to help you. Can you find 5 carrots hiding around the page?

Visit a fruit and vegetable shop or supermarket with a grown-up. What different vegetables can you see? Can you find some of the vegetables from the story? Try to find carrots, sprouts, parsnips, beetroot, broccoli and onions.

Ask a grown-up to help you plant some vegetables to grow. You could plant some cress seeds in an empty yoghurt pot, some beans in a plastic cup or plant some carrots in an allotment or garden.
